# About us..

## Variety & Homemade

We change our menus every four months and rotate popular menus over a three-day cycle to ensure variety. We make virtually everything ourselves including jams, chutneys, dressings, pickles, cakes and cordials. This insistence on homemade ensures our food is full of flavour, nutritional value, colour and interest.

## Now We Plant Trees

Our passion is making and delivering to you great food that is sustainably sourced whilst minimising our impact on the planet. Amongst our many initiatives, we serve most food on naturally-fallen palm leaf platters which are wrapped in PLA food film made from plants. We now also plant trees for you in the home counties. More information on this can be seen on our website and socials.

## We're Old Hands at This

We have been creating seasonal, stylish and sustainable food in central London since 1993. We provide delivered food for most occasions you can imagine, be it an internal breakfast meeting for four, a team picnic in the park or a conference lunch for four hundred.

# Dietary & Allergens

## Special Dietary Requirements

The allergen and dietary requirements for your guests are sometimes a critically important part of placing an order with us. It is a matter of considerable responsibility given the significant health concerns linked to allergens and the principle or religious beliefs associated with many dietary requirements. We therefore require that the selection of all items for an order is made by, and the responsibility, of whoever is placing your orders; we will not make dietary, allergen or ingredient selections on your behalf. Our website enables this selection by providing all the necessary information for all the food we make. We will platter and label items for someone with particular allergen or dietary needs on a separate platter when required. See also our Individual Dietary Menu for more options.

## Individual Dietary Menu

To better address the need to find food to suit specific dietary requirements we've introduced an Individual Dietary Menu. This has individual platters of food to match most dietary needs and price points.

## Recipes in Stone

Apologies for what may seem unreasonable inflexibility, but due to the legislation surrounding nutritional, ingredient, allergen and dietary labelling and reporting, we are unable to change the recipe or ingredients of any menu item. Detailed allergen information can be found on our website in each item where it says 'see more info' and will also be provided with your order for your convenience.

## We use the following dietary legend on our food:

- g** no gluten-containing ingredients
- d** no dairy-containing ingredients
- n** contains nuts
- v** vegetarian
- vegan** vegan
